

TAPP II: Infrastructure Tracker (hard and soft)

as of June 23, 2017

No.	Sector	Region	Project Name	Cost (PhP B)	Agency	Description	Funding Type (GPH, ODA, PPP, Private, PDMF)	Phase/Status (Completion Date)	Date of Information
Telecommunications									
1	Telecommunications	NATIONWIDE	North to South Broadband Network	PhP 77 to PhP200	DICT	A proposed national broadband network expected to provide at least 10Mbps connection to all households by 2020 at a much lower cost than today's average of PhP1,299 per month.	TBD	TBD	June 23, 2017
2	Telecommunications	La Union and Baler	Ultra HighSpeed InformationHighway	P975 million	BCDA and DICT	The project would build an "ultra high-speed information highway" that the government said would improve the speed, affordability and accessibility of broadband internet across the country, BCDA and DICT said in a joint statement. Under the agreement, BCDA would bid out the construction for the infrastructure, which would consist of two cable landing stations placed on the east and west coasts of Luzon.	PPP (bidding)	TBD	16-Nov-17

Telecommunications Policy									
	Number Portability	NATIONWIDE	Status: Filed by Sen.						
	Amendments to RA	NATIONWIDE	Status: 2nd reading HoR						
	Open Access to Data Transmission	NATIONWIDE	Status: 2nd reading HoR						

Abbreviations

DICT Department of Information and Communications Technology
